

FOREVER NEW CLIENT SUCCESS STORY

Product Variation and Audience Targeting Strategy Doubles Amazon Sales

OVERVIEW

Founded in 1975, Forever New is a line of organic and biodegradable laundry care solutions available online and in physical stores across the United States, Europe, and Asia. Committed to using only the highest quality ingredients, Forever New blends have established a benchmark in garment care for safety and environmental friendliness.

After managing their Amazon business internally, Forever New wanted to accelerate growth by attracting new customers. Historically, the company focused on branded traffic and repeat business. Forever New partnered with Channel Key to develop, implement, and manage a new-to-brand marketplace strategy that would increase sales on Amazon.

“ Channel Key has developed a tactical marketplace strategy that is working and helping our brand grow on Amazon. We have high expectations, but we're seeing results and look forward continued success. ”
